

1. Product and Company Identification

Product Name AIR WICK® Pearl Infusion Scented Candles - All Scents
CAS # Mixture

**This MSDS is designed for workplace employees, emergency personnel and for other conditions and situations where there is a greater potential for large-scale or prolonged exposure, in accordance with requirements of the Canadian Workplace Hazardous Materials Information System (WHMIS).
 This MSDS is not applicable for consumer use of our products. For consumer use, all precautionary and first aid language is provided on the product label in accordance with the applicable government regulation.**

Product Use Scented Candle

Distributed by Reckitt Benckiser (Canada) Inc.

2. Hazards Identification

Emergency Overview WARNING: To prevent fire or injury

KEEP FREE FROM FOREIGN OBJECTS (e.g. MATCHES). Never leave a burning candle unattended, near anything that can catch fire or for more than 4 hours. Place upright on a flat heat resistant non-electrical surface, away from draughts. Keep wick trimmed to 1 cm (1/2"). DO NOT move or tip while lit or before liquid hardens. Glass will be hot during and after use. Stop when less than 1cm (1/2") of product remains. Extinguish by blowing gently. Always leave at least 20cm (8") between burning candles. DO NOT use if glass is damaged. DO NOT reuse. Discard after use.

Keep out of reach of children.

Potential short term health effects

Routes of exposure Eye, Skin contact, Inhalation, Ingestion.
Eyes None expected during normal conditions of use.
 May cause eye irritation upon direct contact with the eyes.
Skin None expected during normal conditions of use.
 Not expected to be a skin sensitizer.

Inhalation None expected during normal conditions of use.

Ingestion Health injuries are not known or expected under normal use.

Target organs Eyes. Respiratory system. Skin.

Chronic effects The finished product is not expected to have chronic health effects.

Signs and symptoms There are no hazards associated with this product in normal use.

Potential environmental effects This product has not been tested.

3. Composition/Information on Ingredients

Components	CAS #	Percent
White mineral oil (petroleum)	8042-47-5	60 - 100
Fragrance Oils	Proprietary	3 - 7

4. First Aid Measures

First aid procedures

Eye contact Flush eyes with plenty of water. Remove any contact lenses. Get medical attention immediately if symptoms occur.

Skin contact Wash off immediately with soap and plenty of water.
In case of burns, immediately cool affected skin for as long as possible with cold water.
For severe burns, immediate medical attention is required.

Inhalation Move to fresh air.

Ingestion Wash out mouth with water. Drink plenty of water. Get medical attention immediately if symptoms occur. DO NOT induce vomiting. Never give anything by mouth if victim is unconscious, or is convulsing.

Notes to physician Treat patient symptomatically.

General advice If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance. Keep out of reach of children.

5. Fire Fighting Measures

Flammable properties Not flammable by WHMIS criteria.

Extinguishing media

Suitable extinguishing media Treat for surrounding material.

Unsuitable extinguishing media Do not use a solid water stream as it may scatter and spread fire.

Protection of firefighters

Specific hazards arising from the chemical Not available

Protective equipment for firefighters Firefighters should wear full protective clothing including self contained breathing apparatus.

Hazardous combustion products May include and are not limited to: Oxides of carbon.

Explosion data

Sensitivity to mechanical impact Not available.

Sensitivity to static discharge Not available.

6. Accidental Release Measures

Personal precautions Wear appropriate personal protective equipment. Do not touch or walk through spilled material. Keep unnecessary personnel away.

Environmental precautions Do not discharge into lakes, streams, ponds or public waters. Advise authorities if product has penetrated drains, sewers or water pipes.

Methods for containment Prevent entry into waterways, sewers, basements or confined areas.

Methods for cleaning up Pick up and discard.

7. Handling and Storage

Handling	<p>WARNING: To prevent fire or injury, follow the following precautions closely. KEEP FREE FROM FOREIGN OBJECTS (e.g. MATCHES). Never leave a burning candle unattended, near anything that can catch fire or for more than 4 hours. Place upright on a flat heat resistant non-electrical surface, away from draughts. Keep wick trimmed to 1 cm (1/2"). DO NOT move or tip while lit or before liquid hardens. Glass will be hot during and after use. Stop when less than 1cm (1/2") of product remains. Extinguish by blowing gently. Always leave at least 20cm (8") between burning candles. DO NOT use if glass is damaged. DO NOT reuse. Discard after use.</p>
Storage	<p>Ensure adequate ventilation. Keep out of reach of children. Store away from heat. Keep away from direct sunlight. Store at temperatures between +5°C minimum and +25°C. Excursions: Minimum = -15°C</p>

8. Exposure Controls/Personal Protection

Exposure limit values	Chemicals listed in section 3 that are not listed here do not have established limit values for ACGIH.
Engineering controls	General ventilation normally adequate.
Personal protective equipment	<p>Consult the product label for special protection or precautions that have been identified for using this product under directed consumer use conditions. The following recommendations are given for workplace employees, emergency personnel and for other conditions and situations where there is a greater potential for large-scale or prolonged exposure.</p>
Eye / face protection	Not normally required under normal use conditions.
Hand protection	No special requirements under normal use conditions.
Skin and body protection	Usual safety precautions while handling the product will provide adequate protection against injury or irritation.
Respiratory protection	Not normally required under normal use conditions.
General hygiene considerations	<p>Handle in accordance with good industrial hygiene and safety practice. When using do not eat or drink. Washing with soap and water after use is recommended as good hygienic practice to prevent possible eye irritation from hand contact.</p>

9. Physical and Chemical Properties

Appearance	Solid Gel.
Colour	Variable
Form	Solid.
Odour	Variable
Odour threshold	Not available.
Physical state	Solid.
pH	Not available.
Freezing point	Not available.
Boiling point	Not available.
Pour point	Not available.
Evaporation Rate	Not available
Flash point	> 175.00 °C (> 347.00 °F) TCC
Auto-ignition temperature	Not available.
Flammability Limits in Air, Upper, % by Volume	Not available.
Flammability Limits in Air, Lower, % by Volume	Not available.
Vapour pressure	Not available.

Vapour density	Not available.
Specific gravity	Not available.
Partition coefficient (n-octanol/water)	Not available.
Solubility (Water)	Not available.
Relative density	Not available.
Viscosity	Not available.
VOC	Not available
Percent volatile	Not available

10. Stability and Reactivity

Reactivity	This product may react with strong acids.
Possibility of hazardous reactions	Hazardous polymerisation does not occur.
Chemical stability	Stable under recommended storage conditions.
Conditions to avoid	Direct sources of heat. Strong sunlight for prolonged periods. Avoid temperatures above 40°C / 104°F.
Incompatible materials	Acids. Oxidizers.
Hazardous decomposition products	May include and are not limited to: Oxides of carbon.

Effects of acute exposure

Eye contact	None expected during normal conditions of use. May cause eye irritation upon direct contact with the eyes.
Skin contact	None expected during normal conditions of use. Not expected to be a skin sensitizer.
Inhalation	None expected during normal conditions of use.
Ingestion	Health injuries are not known or expected under normal use.
Sensitisation	The finished product is not expected to have chronic health effects.
Chronic effects	The finished product is not expected to have chronic health effects.
Carcinogenicity	The finished product is not expected to have chronic health effects.

Mutagenicity	The finished product is not expected to have chronic health effects.
Reproductive effects	The finished product is not expected to have chronic health effects.
Teratogenicity	The finished product is not expected to have chronic health effects.
Name of Toxicologically Synergistic Products	Not available.

12. Ecological Information

Ecotoxicity	This product has not been tested.
Persistence and degradability	Not available.
Bioaccumulation/accumulation	Not available
Mobility in environmental media	Not available.
Environmental effects	Not available.
Aquatic toxicity	Not available.
Partition coefficient	Not available.
Chemical fate information	Not available.

13. Disposal Considerations

Disposal instructions	Dispose in accordance with all applicable regulations. Dispose of empty packaging with normal household trash.
Waste from residues / unused products	Not available
Contaminated packaging	Not available

14. Transport Information

UN/ID N.o.	Not applicable
U.S. Department of Transportation (DOT): Classification: Not regulated	
Proper shipping name	Not applicable
U.S. DOT Hazard Class	Not applicable

15. Regulatory Information

Canadian federal regulations This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the MSDS contains all the information required by the Controlled Products Regulations.

Product Registration: Product is compliant with CCCR regulatory guidelines; a specific registration is not required for this product.

Canada NPRI VOCs with Additional Reporting Requirements: Mass reporting threshold/identification Number

White mineral oil (petroleum) (CAS 8042-47-5) 1 tonnes

Canada WHMIS Ingredient Disclosure: Threshold limits

White mineral oil (petroleum) (CAS 8042-47-5) 1 %

WHMIS Classification Exempt - Consumer product

Inventory Status

Country(s) or region	Inventory Name	On Inventory (Yes/No)*
Canada	Domestic Substances List (DSL)	No
Canada	Non-Domestic Substances List (NDSL)	Yes

*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s)

16. Other Information

Disclaimer This product should only be used as directed on the label and for the purpose intended. To the best of our knowledge, the information contained herein is accurate. However, neither the above named supplier nor any of its subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
